

## THE RULES

Please read the rules carefully. If you have any questions, please ask the staff for more detailed explanations.

1. **I MUST HAVE/KEEP MY MASK ON PROPERLY** on the playing fields and chronograph/target range. If I lift or remove my mask in these areas, I will be ejected from the field for the day and receive no refund.
2. When I am in the staging area I must keep my barrel bag on my gun at all times. **Practice proper gun safety at all times! Guns pointed down, barrel bags on, safety on, fingers OFF the trigger.**
3. During game play, if I am hit, I will yell as loud as possible "IM HIT" or "IM OUT" and raise my hand or gun in the air. This is the only way other players know not to shoot at me.
4. Refs are looking for a hit about the size of a dime. A paintball must break on a player to be a hit, but if I call myself out or hit on a bounce, I am still out.
5. When I am hit, I must call myself out, raise my hand, walk off the field and place the barrel bag on the gun, while keeping my mask on the entire time. Once off the field I will clean up and prepare for the next game.
6. When I am hit, I am not allowed to talk to other players on the field. "Dead" players do not talk.
7. If I am shot in the back or shot and can't find the hit, I will call for a paint check. The ref will check me for hits and then announce "clean" or "hit".
8. Referee decisions are final. If I disagree with a ref's decisions, I will discuss the issue with the head ref when the game ends.
9. I am not allowed to blind fire. I must be able to see down the barrel of the gun to take a safe shot. If I am caught blind firing, I will be ejected from the game.
10. Gun shots don't count. If I am hit in the gun, I can keep playing.
11. Splatter from a tree or gun doesn't count. Splatter from a paint grenade does count.
12. If I'm hit by my own teammate, I'm out. Friendly fire is never friendly.
13. If I'm caught wiping off paint hits during a game and continuing to play, CHEATING, I will be ejected from the facility immediately.
14. I will not threaten or physically grab someone. Violence of any kind is not tolerated and will result in my removal from the field by staff or police escort, if needed.
15. There is a surrender rule. If I can sneak up on another player within 15 feet, I will offer them the chance to surrender. I understand that they do not have to accept the offer and I could be hit at close range.
16. I will not carry my rental equipment into the parking area.
17. Do not pick up paintballs off the ground and put them into the rental guns. The dirt and moisture on the paintballs will jam up the gun and ruin your day.
18. If I am carrying the flag and am hit, I will drop the flag where I am and proceed off the field as an eliminated player.
19. The playing fields are surrounded by yellow rope/caution tape. If I have to step over or under it to get out, I'm out of bounds and eliminated from the game.
20. Xtreme Paintball is **FIELD PAINT ONLY**. If you did not buy it here, you cannot use it here. Violations will result in ejection from the facility.
21. At the end of the day I will pickup the trash in my area and put it in the trash cans provided. Please leave paint boxes beside trash cans, not in them.

### Attention all Self Equipped Players

- A. Maximum velocity allowed is 280 fps. Violation of the speed limit will result in a game penalty. Repeated violations will result in ejection from the facility.
- B. SEMI AUTOMATIC ONLY. 15 BPS CAP. Gravity Feed hoppers only on Saturdays.
- C. I will allow the referee to test fire my gun if they deem fit. Refusal will result in ejection from the game.
- D. I will not fire my gun in the parking lot or staging area, only on the field/target range.
- E. All staging/setting up will occur in the designated staging area (at the tables), not in the parking lot.

**THE ABOVE RULES ARE A GUIDELINE. XTREME PAINTBALL RESERVES THE RIGHT TO DENY ACCESS TO ANY PLAYER, AT ANY TIME, FOR ANY REASON.**
